Liner-Piping Systems

Liner-Pipes for FRP-Pipe Systems

Georg Fischer DEKA GmbH has over 40 years experience and competency in the development and manufacture of industrial pipe systems.

A result of this know-how potential is the production of customized system solutions for customer-specific applications. Special compounds made from PVC-U troisdorfred, PVC-C, PP-H (BE 60), PP-2222 as well as DEKATEC materials are used for the highly sensitive Liner area.

The pipe assortment offered by Georg Fischer DEKA for the Liner area is comprehensive and versatile at the same time, covering dimensions ranging from 25 mm to 600 mm in diameter, and are available directly from stock.

At Georg Fischer DEKA, all Liner-Pipes are manufactured according to, or based on, the directives of the KRV-Association, or are manufactured in compliance with company codes and standards.

The pipes obtain an excellent degree of chemical resistance as a result of the special manufacturing method for the Liner production. This ensures a very long life service for a FRP pipe system.

The standard Liner product range consists of: Pipes, sheets, fittings and welding wire from the following materials:

PVC-U troisdorfred, PVC-C, PP-H (BE 60), PP-2222, and other materials such as DEKATEC PPS, PVDF and ECTFE on request.

Dual laminated Liner-Pipes made of PVC-U (troisdorfred)

Notes

[illegible]

General Conditions of Business

Valid as of January 1, 2005

1 Acceptance of Contract, Written Form

- (1) Unless otherwise specified in writing, our offers are non-binding. Orders shall only be deemed accepted upon Buyer's receipt of our written confirmation.
- (2) All agreements, declarations or representations shall only be binding, if made in writing. Telephone conversations, in particular, are to be confirmed by one of the Parties. All other transmissions evidenced in text form shall equally be deemed to have been made in writing, in particular if made by telecopy or E-mail.

2 Time of Delivery

- (1) Delivery times indicated by us are non-binding.
- (2) The time of delivery shall commence upon dispatch of our order confirmation.
- (3) The time of delivery shall be extended in case of any unforeseeable, unavoidable and extraordinary occurrence, as well as in case of business interruption caused by equipment break down, strikes, labour disputes of any kind not attributable to us, as well as in case of late shipments of our suppliers, act of government, etc.
The Buyer shall be notified immediately in writing of any such event.
- (4) In case of delay caused by our fault, Buyer may claim a compensation of the damages proximately caused. For each complete week of delay, such liquidated damages shall amount to 0,25 % of the invoice amount of the Goods in delay; the aggregate liquidated damages shall be limited to 10 % of the pertinent invoice amount, unless the delay is attributable to wilful misconduct or gross negligence on our part. Further claims for damages caused by delayed deliveries are hereby expressly excluded.

3 Passing of Risk

- (1) The risk of loss or deterioration of the Goods shall pass to Buyer as soon as the Goods have left our premises in Dautphetal or the warehouse of one of our suppliers.
- (2) If delivery is delayed for reasons beyond our control, the risk shall pass to Buyer at the date of our notification of readiness of dispatch, respectively at the date of our invoice.

4 Packing, Shipment

- (1) Packing shall be charged at cost. Railway shipping equipment, such as containers, crates, etc. are to be emptied upon receipt and to be returned to us immediately at Buyer's cost.
- (2) Even if the transport is arranged by us, the shipping of the Goods shall be effected at Buyer's risk and cost, it being understood that we shall select the most favourable and expedient mode of transport.
- (3) Goods of an invoice amount exceeding EURO 1'300 (in words: one thousand three hundred EURO) shall be shipped free of charge within the Federal Republic of Germany, excluding disloading costs. In case of direct shipments to other destinations, the threshold for carriage-paid shipments is to be clarified in advance.
- (4) In case of premium shipments, oversize or specific modes of transport, Buyer may request a binding indication of the threshold for carriage-paid deliveries. It is recommended to agree in advance on case by case arrangements.
- (5) In case of shipments of Goods of an invoice amount of less than EURO 250,-, an extra charge of EURO 30,- shall be due.
- (6) Works certificates according to DIN EN 10204; 3.1b shall be charged at EURO 25,- per copy.

5 Prices

- (1) Unless otherwise agreed in writing, our prices shall be deemed quoted in EURO, net, ex works Dautphetal, unless Art. 4 para. 3 applies.
- (2) VAT shall be charged at the current applicable legal rate. Should we be obliged to pay sales tax to the German tax authorities, because a foreign client residing in an EC member state has no sales tax identification number or fails to disclose it to us or because our request for sales tax exemption is based on faulty data provided by the Buyer, the foreign Buyer shall be obliged to reimburse the VAT paid by us.

6 Terms of Payment

- (1) Our terms of payment - calculated from the invoice date - are: In case of pre-payment a discount of 4 %, in case of payment within 10 days a discount of 2 % shall be granted. Payments made within 30 days shall be made net.
- (2) In case the financial situation of the Buyer significantly deteriorates or in case its assessment by credit rating institutions or banks significantly changes, in particular if the credit worthiness or the ability of Buyer to repay a credit is imperilled, we shall be entitled to suspend any further performance or to rescind the contract, if the Buyer refuses to remove these imperilments by accepting contemporaneous performance of the contract or by offering adequate guarantees within a reasonable period of time. In such case all open invoices, including drafts, bills of exchange or checks shall, irrespective of their maturity, become immediately due, and all rights of set-off or withholding shall be forfeited.
- (3) In case of arrears, we shall be entitled to charge interest at the rate of 5 percentage points above the current legal base rate, claims for higher damages being reserved.
- (4) Drafts, bills of exchange or checks shall be accepted by us in lieu of fulfilment only and not for refinancing purposes. Taxes and charges in connection with the acceptance of drafts or bills of exchange shall be exclusively for Buyer's account. Payments by drafts, bills of exchange or checks shall be deemed effected only if the corresponding amount is irrevocably credited to our bank account.

7 Retention of Title

- (1) We shall retain title to the Goods until Buyer has paid the purchase price and settled all claims which we may have against him.
- (2) In case of breach of the contract by Buyer, in particular if he is in arrear with his payments, we shall be entitled to rescind the contract and take repossession of the Goods.
- (3) Buyer shall inform us immediately in writing of any attachments or other claims raised by third parties on the Goods.
- (4) Seller shall be entitled to resell the Goods in the ordinary course of business. He is deemed to have tacitly assigned to us all receivables generated by such resale against the respective client or any other third party. In case of current accounts between Buyer and his client, the assignment is limited to the respective balance. The Buyer shall remain entitled to collect the receivables from his clients

or from third parties; this, however, shall not affect our right to collect the pertinent receivables ourselves. At our request, Buyer shall disclose to us the assigned receivables and the pertinent debtors as well as all written information necessary for collection. Buyer shall be obliged to remit us all documents and shall be obliged to inform his debtors in writing of the assignment of the receivables to us.

- (5) If the Buyer resells the Goods together with merchandise not being our property the receivable against Buyer's client shall be deemed assigned in an amount equal to the purchase price Buyer is owing us.
- (6) To the extent the value of our securities, calculated at landed costs of the Goods at Buyer's stock, exceeds the receivables to be resecured by more than 20 %, we shall, at Buyer's request, be obliged to release the exceeding securities.

8 Retention Rights, Set-Offs

- (1) The Buyer shall not be entitled to withhold the purchase price based on alleged counter-claims which are unrelated to the particular contract.
- (2) The Buyer shall not be entitled to off-set the purchase price or other claims we may have against him against counter-claims, unless said counter-claims are undisputed or finally awarded to Buyer.

9 Warranty, Liability

- (1) We warrant our Goods to be free from defects for a period of 12 months from the date of receipt by the Buyer as follows:
 - a) Defective Goods shall, at our discretion, be either repaired or replaced free of charge. Our remedial action shall include all costs and expenses incurred in connection with the repair. In case of damages not affecting the Goods themselves, we shall, subject to para 6, be liable for damage to property up to max. EURO 50'000,- (in words EURO fiftythousand) and for personal injury or death up to max. EURO 500'000,- (in words EURO fivehundredthousand) per occurrence.
 - b) Our warranty as per para. a) is contingent on Buyer's immediate examination of the Goods after receipt and Buyer's immediate notification of such defect, latest within 8 days following its discovery.
- (2) Warranty claims as per para. (1) shall be forfeited, if Buyer fails to send us, immediately following the discovery of the defect, the pertinent defective part or Goods in its defective condition for inspection, allowing us to determine the cause of the defect - irrespective of Buyer's burden of proof as per para. (1) b) above.
- (3) The warranty period for repaired or replaced Goods shall be six (6) months (limited to the replaced or repaired part) calculated from the end of the repair or from reinstallation of the new part. The warranty, however, shall not expire prior to the expiry of the original warranty period of the Goods.
- (4) If Buyer fails to notify the defect in a timely manner or in case we are not given the opportunity or a reasonable period to comply with our warranty obligations, we shall be relieved therefrom. In case defects are remedied by third parties without our prior approval, we shall equally be relieved from our duties under this warranty.
- (5) In case we are unable or refuse to repair or replace the defective Goods or if the repair or replacement is unduly delayed for reasons attributable to us, Buyer - in lieu of a repair or replacement - shall be entitled to request a reduction of the purchase price or the rescission of the contract.
- (6) The warranties set forth above are expressly in lieu of any express warranty of any kind and in lieu of any implied warranty for merchantability or fitness of the Goods for a particular purpose. We shall not be liable for any incidental special or consequential damages, arising for any reason, reservation being solely made for our liability at law in case of wilful misconduct or gross negligence on our part or on the part of our employees or agents or in case of breach of an essential contractual obligation („Kardinalpflicht“), breach of an express warranty made in writing or if we are liable under the theory of strict liability of a domestic or foreign product liability act.

10 Liability of Agents and Employees

To the extent our liability is excluded, the limitation also applies to our agents and employees.

11 Custom-made Goods

- (1) If Buyer terminates a contract for the supply of custom-made Goods manufactured according to Buyer's instructions, Buyer shall pay the full contract price less all costs saved as a consequence of such termination, unless the custom-made Goods cannot be used otherwise.
- (2) Requests for changes to finished custom-made Goods shall not be accepted, unless Buyer explicitly declares to assume all costs incurred in connection with such changes.

12 Returns

- (1) Returns shall only be accepted, if so agreed in writing. All costs in connection with the return shall be for Buyer's account. Buyer, in addition, shall also bear the risk of loss or deterioration of the Goods.
- (2) Returns will only be credited, if the Goods returned are in a good condition allowing their resale. The test, therefore, shall be their compliance with the manufacturing quality standards for the Goods in question. Refurbishing costs (new packing and labelling, cleaning, etc.) shall be charged at 25 % of the net value of the Goods, at least however at EURO 100,- per return shipment. Should our refurbishing costs demonstrably be higher than 25 % of the net value of the Goods, the Buyer shall be obliged to absorb these additional costs. In addition to the 25 % rate for refurbishing, Buyer shall equally absorb the original packing costs for the initial delivery.
- (3) For cost reasons returns of Goods invoiced at less than EURO 250,- cannot be accepted.
- (4) Returns of custom-made Goods are not accepted.

13 Place of Fulfilment, Applicable Law and Jurisdiction

- (1) Place of fulfilment of all obligations under this contract shall be Dautphetal-Mornshausen.
- (2) Irrespective of the amount in dispute the courts of Dautphetal-Mornshausen shall have exclusive jurisdiction over all controversies arising in connection with this contract. This equally applies for collections. We reserve, however, the right to sue the Buyer before any other competent court, as long as no action is brought before the competent courts in Dautphetal-Mornshausen.
- (3) The Parties shall remain free to agree in writing on settling the dispute by arbitration, as long as no action has been brought in any ordinary court.
- (4) This contract shall be subject to the laws of the Federal Republic of Germany; the UN-convention on the International Sale of Goods is expressly excluded.
